

MASTERCARD®AUTOMATIC BILLING UPDATER Opt-Out Form

MasterCard is requiring all financial institutions to participate in MasterCard's Automatic Billing Updater (ABU) service. ABU will provide updates to merchants who maintain your card information on file, to process your automatic payment arrangements. Examples of these merchants include subscription services or utility companies, etc. This is only for merchants you have made automatic payment arrangements with.

MasterCard Automatic Billing Updater is only available to participating merchants, and these merchants can choose the frequency at which they check for your updated card information. To avoid late payments and penalties, you must check with your merchant to ensure your card information is updated.

Peoples National Bank is providing you the ability to opt-out of ABU should you choose not to participate. Please note that each cardholder must complete his or her own form. Should you choose to opt out of this service, you will be responsible for providing your new information to participating merchants. You may incur additional fees from your merchant if you do not provide your updated information in a timely manner.

To opt-out please fill in the form below and send to any of the following:
